

## CALL FOR PAPERS

On behalf of the organizing committee, it is our pleasure to invite you to participate in the 37<sup>th</sup> International Symposium on the Application of Computers and Operations Research in the Mineral Industry (APCOM 2015), May 23<sup>rd</sup> –May 27<sup>th</sup>, in Fairbanks, Alaska. The 2015 APCOM conference is being hosted on behalf of the Society for Mining, Metallurgy, and Exploration (SME), co-sponsored by the Association of Environmental and Engineering Geologists (AEG), and in cooperation with the University of Alaska Fairbanks.

The technical program of this symposium would be a balanced of traditional areas of exploration, including geostatistics, mine design, production planning, investment analysis, artificial intelligence simulation, mine automation, rock mechanics, mineral processing, data management systems, including computer applications and optimizations in oil and gas industries. All are designed to facilitate and promote application of computers and operations research in the mineral industry

Abstracts are invited from scientists, researchers, and engineers in all sectors, including academy, industry, government and education. Abstracts can be submitted at the conference web site or can be email to [sbandopadhyay@alaska.edu](mailto:sbandopadhyay@alaska.edu). The conference website: [www.APCOM2015.org](http://www.APCOM2015.org)
